Life and Annuities*

Whether it's providing Life insurance to help cover your mortgage, pay for your children's education or supplement your retirement, our goal is to work with you to help you choose life insurance products that do what you want them to do.

Term insurance

Term insurance is one of the most affordable Life insurance values available. Because of low premiums, it's ideal for young families, those with limited cash resources, or anyone with a short-term need.

Permanent insurance

Our permanent policies offer you coverage with the added benefit of cash accumulation. With universal life policies, your money grows at a competitive interest rate, and that growth may be income-tax deferred.

Annuities

Annuities are excellent cash accumulation products you can use to supplement your retirement income. Farmers fixed annuities offer the safety of guaranteed minimum interest rates plus the advantage of competitive current interest rates.
